STOP THE SMUGGLERS

USE THE HOT LINE

Mr. Cliff Witt, A.F.A. legislative liaison in Washington D.C., worked out an arrangement with the U.S. Department of Agriculture that can help inhibit the smuggling of birds into the United States.

At Cliff Witt's suggestion the Department of Agriculture designated a "hot line" telephone number through which anyone can report anything they want regarding smuggling or smuggled birds. The callers do not have to give their names or any personal information.

Of course, all of the regular methods and channels for reporting smuggling information will remain in effect. At the suggestion of the A.F.A. the Department of Agriculture has just added this smuggling "hot line".

If you have any information regarding the smuggling of birds please contact your local U.S. Customs Service or call the U.S. Department of Agriculture at (301) 436-8061.

Not everybody could have a winning ticket. Joe de Aguiar looks on as Scottie Nogaim of Los Vegas consoled herself with a rubber chicken and a stiff martinee.

GRAND PRIZE WINNER

Gary Winter

Dear Joe:

I am writing to acknowledge receipt of the check accepted in lieu of the car raffled at the Annual Convention.

I am obviously very glad I recently joined the American Federation — not so much for winning the car but for the relationship which I hope will be fruitful both for myself and the association. It was a great thrill winning the car mainly because it will allow me an opportunity to expand my bird population. Also, it's much more fun than winning a 5 pound ham.

To show my appreciation to the Federation, please accept my \$100.00 donation for whatever purposes you see fit. Thank you very much.

Sincerely,
Gary Winter
