At the forefront of Avian Research.

HARI (Hagen Avicultural Research Institute) is a world class Psittacine captive breeding, nutrition and disease research facility. HARI's continuous progress in animal husbandry have resulted in advancements that enhance the quality of captive breeding and maintenance of companion birds. Consulting with Avian veterinarians, and technicians, HARI works to develop new diets, healthy treats, bird supplements, and is responsible for innovations such as Tropican and Tropimix formulas. These diets combine the highest quality ingredients with strict standards to ensure that your bird receives the highest quality nutrition.
