## American Federation of Aviculture Annual Convention, August 20 - 25, 2007 Los Angeles, California

The American Federation of Aviculture (AFA) is a nonprofit national organization established in 1974, whose purpose is to represent all aspects of aviculture and to educate the public about keeping and breeding birds in captivity.

We invite you to submit an abstract to present a paper during the Convention. Please consider submitting multiple abstracts as you may be asked to give more than one presentation. Proposals should be submitted in the form of an abstract, not to exceed 250 words accompanied by a brief biographical sketch identifying the author's experience with the topic to be presented and other relevant information.

- The speaker committee will send out acceptance and rejection notifications.
- If accepted, you will be required to sign a speakers' contract and provide the AFA with a short bio, a current high resolution photograph and to submit a paper to be published in the convention proceedings and in the Watchbird, the official publication of the AFA. In return, the AFA will provide you with a complimentary convention registration and a banquet ticket. All other arrangements, including transportation and hotel accommodations are the responsibility of the speakers.
- A contract will be sent by February 28, 2007.
- Final papers must arrive no later than May 1, 2007, to be included in the printed proceedings.
