Have you ever wanted to get involved with conservation? Why not visit the Caribbean island of Bonaire and help the rehabilitation of illegally captured or injured Yellow-shouldered Amazon Parrots. This charismatic species is endangered and Echo, a small NGO with a dedicated team of conservationists, are working to protect them. Volunteering for Echo will involve living in a remote field camp and plenty of hard but extremely satisfying work. Volunteers will be given responsibilities for looking after captive birds and feeding released birds as well as opportunities to study wild parrots so a minimum of two weeks is required. If you fancy making a difference for parrots and gaining many memorable experiences along the way find out more at: [www.echobonaire.org](http://www.echobonaire.org) and [www.facebook.com/echobonaire](http://www.facebook.com/echobonaire) or e-mail [info@echobonaire.org](mailto:info@echobonaire.org).
