

Red Siskin Project Items Available

by Yvonne I. Patterson,
Promotional Director
Kansas City, Missouri

The AFA's Red Siskin Project is raising monies for isoenzyme analysis kits (see May/June 1994 *Watchbird* article on page 12. In this same article, a VCR tape of Professor Smith and Antonio Rivero's presentations at Siskin Summit '93 was offered. They discussed faunal preserves the Venezuelan government is providing for protection of the few Red Siskins left in the wild. They also provided valuable information on food sources, habitat, nesting and trapping of the wild Red Siskins. This tape also includes a nice production of the RSP, detailing aspects of the project. This 2-hour video sells for \$22.95, which

includes shipping costs.

The March/April 1994 *Watchbird* issue, page 60, showed two pieces of artwork which were donated to the project. Signed and numbered prints are now being offered for sale.

Jay Fuller's "Red Siskins on a Pringamosa Plant" sell for \$25 for a black and white signed and numbered print, or \$50 for a hand-painted print. This is a very clean piece of artwork with nice detail. Prices include shipping and handling charges.

Mark Wade's colorful "Siskin Family" portrait sells unmatted for \$15. Matted prints sell for \$20 and \$25, depending upon the number of mats

THE POSITIVE APPROACH TO PARROTS AS PETS

IT'S FINALLY HERE!

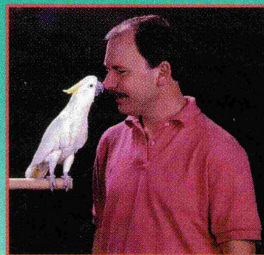

The new video series from **Steve Martin**.

His first tape was produced over 10 years ago and is still widely acclaimed as the best information available on the training of parrots... Until now. These two new tapes start where *Parrot Care and Training* left off.

Part 1: Understanding Bird Behavior

is the key to successfully training your bird. You will learn how to interpret your bird's behavior, understand why your bird bites and screams and how to deal with these problems. Steve shares his years of experience and knowledge and in a special section for this tape, takes you to Guatemala to meet researchers studying parrots in their natural habitat.

Part 2: Training Through Positive Reinforcement

Train your bird in your own home! Steve walks you through step by step, teaching you how to understand and successfully utilize positive reinforcement training techniques to teach your bird more than you thought possible.

Pay only **\$39.95** for **1** tape or **\$69.95** for **2** tapes.

An incredible value for the best information ever produced on training birds and understanding bird behavior. Over two hours of engaging information that will entertain, inspire and empower you!

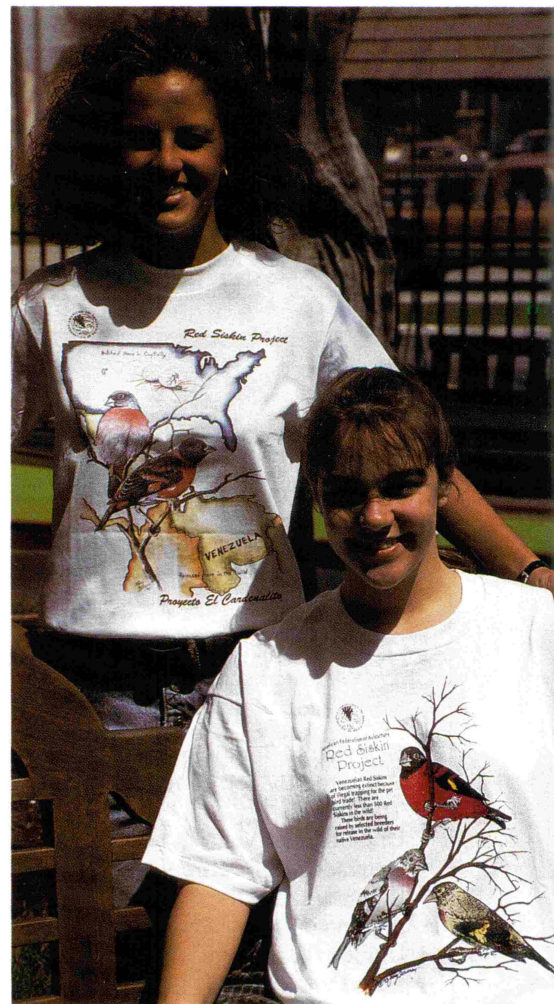

To Order Call **1.800.999-2266** OPER.#104

which have been cut. These prices include shipping and handling charges.

T-shirts are \$15 total, which includes shipping and handling costs. Both T-shirts are 50/50 meaning they will have minimal shrinkage. One T-shirt design features the United States ("hatched here") and Venezuela ("released here"), with a pair of Red Siskins (order RS/hatch). The new design T-shirt has three Red Siskins on a branch, a pair and a juvenile (order RS/wild). This design describes the endangerment status of Red Siskins in the wild and our project goals.

All items are in limited quantities. Please make *checks in U.S. dollars* payable to the AFA-RSP and mail to RSP Promotions, 10735 E. 40 Highway, Independence, MO 64055. For those who would like to make a tax-deductible contribution, please forward your check to the above address. ●

Two Red Siskin T-shirts are available through the AFA Business Office in Phoenix, Arizona. Order RS/ Hatch for shirt (top) and RS/ Wild for shirt (bottom).
